The Modern Funeral

Principles are permanent, but progress is always a temporary stage; the one is fixed, the other is fluid; the one is old and the other is ever new. The sun is old as creation, but its light is new every morning. The rosebush is permanent, but its roses are fresh every June.—New Era Magazine.

The progressive spirit is nowhere more in evidence than in the art and science of caring for the human dead. In all ages and in every clime reverence for the dead has been inherent in man. Customs differ, and various are the modes of disposing of the bodies of our departed friends. In the United States the science of embalming has reached a stage of perfection never dreamed of by the peoples of ancient times.

To modern chemistry, plus the energy and enterprise of the American funeral director, is due the wonderful progress in our methods of funeral management.

Stephens Salient Six

The Stephens is the most powerful automobile engine for its size now made, with cylinders 3 1/4 x 4 1/2 inches. It develops 57 horsepower at 2,600 R. P. M.

Stephens Salient Six economy is also most important to you. It has been twice winner in the last two years of the Los Angeles third annual A. A. A. sanction economy runs. In these competition runs of 382 miles the Stephens made a record of 21.5 miles per gallon of fuel in 1918 and 21.4 miles per gallon in 1919.

The Stephens price is only made after the car has been built; it is not higher, and is based upon the cost plus a normal profit.

For these reasons the Stephens Salient Six represents the highest value per dollar invested.

The company behind the Stephens is the security and protection of every owner and the strongest possible assurance of satisfaction.

WOOD WAY AHEAD IN SOUTH DAKOTA

About 4,300 in Lead—Cam-
paign for Cox Launched
in Ohio Yesterday.

ST. LOUIS, S. D., March 25 (by the Associated Press).—Primary election returns from remote and isolated districts of South Dakota are expected to arrive by mail today and provide practically a complete state vote.

Returns compiled late last night for republican presidential endorsement from 1,185 of 1,740 state precincts included all but a dozen of the larger voting places in the state, and gave: Wood, 27,666; Lowden, 23,385; and Johnson, 21,735.

Active Campaign for Cox
Is Launched in Ohio

COLUMBUS, Ohio, March 25.—An active campaign in the interest of Gov. James M. Cox of Ohio for the democratic nomination for President was launched here yesterday.

After a two-day conference of democratic state leaders with the governor, announcement was made that National Committeeman Edmund H. Moore of Cincinnati has been chosen to manage the governor's campaign. At the same time a letter was issued to the democrats of the nation setting forth the governor's qualifications to lead the party in November. No announcement was made whether or not there will be a campaign in other states for delegates pledged to Gov. Cox, but "active organization will proceed to properly present the Cox candidacy," a statement issued by the democratic leaders asserts. Gov. Cox is assured the solid Ohio delegation of forty-eight votes at the San Francisco convention. All candidates for delegates to be chosen at the primary April 27 are pledged to the governor.

The letter addressed to the democrats makes as its principal point of argument that with Cox as the democratic nominee the electoral vote of Ohio is assured, based upon the fact that he has three times carried the state for governor, the last time running ahead of the general ticket by more than 75,000 votes. The letter also points out the governor's accomplishments in Ohio, which, it is declared, made this political success possible.

Situation in Georgia.

MACON, Ga., March 25.—Gov. Hugh M. Dorsey, here to address state school officials and teachers who are holding their annual meetings this week, declined to state last night whether he would enter the presidential preference primary. Reports had indicated that the governor would enter if Senator Hoke Smith announced his candidacy. The governor was informed that Senator Smith had announced.

"I shall sleep on the matter tonight," said the governor, "and will make a statement tomorrow."

Palmer to Enter Maryland.

ANNAPOLIS, Md., March 25.—Word has come to Annapolis that Attorney General A. Mitchell Palmer is almost certain to file in this state as a candidate for the democratic nomination for President. J. Harry Covington, a friend of Mr. Palmer and the treasurer of his committee, is reported to have urged that Mr. Palmer's name be entered, and the Palmer managers naturally will be disposed to follow Mr. Covington's judgment as to this state.

Bureau to Aid Travel.

CHICAGO, March 25.—A transportation bureau, to facilitate travel during the democratic national convention at San Francisco, was opened here today by the democratic national committee. The object of the bureau is to "insure a pleasant and comfortable journey to delegates and their friends." An office will be established in San Francisco to care for return traffic at the close of the convention, it was announced.

Delegates Chosen.

Kansas, third district—Wilbur N. Allen, Chanute (R.); Charles L. Hunt, Arkansas City (R.), uninstructed. Kansas, fourth district—William Allen White, Emporia (R.); Will Dalton, St. George (R.), uninstructed. Kansas, fifth district—Col. F. K. Fitzpatrick, Salina (R.); J. P. Lower, Washington (R.), uninstructed. Kansas, eighth district—Two uninstructed republicans named.

CANDIDATES ASKED ABOUT EXPENSES BY MANAGERS OF PLUMB PLAN LEAGUE

The political managers of the Plumb Plan League have sent out another questionnaire to aspirants for the presidency relating especially to campaign expenses. The questionnaire is given publicity in the current issue of Labor, the weekly publication and official organ of the league.

The reason for the issuance of the questionnaire is that reports were coming to the league that some of the candidates for the presidency were expending large sums of money. The matter is put up to both republican and democratic candidates.

Pointing out that the President is entrusted by the Constitution with the appointment of the federal judiciary, and that he is "becoming more and more influential in shaping legislation," the letter declared that the gravity of charges concerning improper expenditures could not be exaggerated.

Y. W. C. A. TIPTOP CLUB TAG SALE TO AID DRIVE

Women Will Be Stationed at Vari-
ous Points Tomorrow to Help
Raise \$35,000.

Tag selling in a mild and restricted form will feature tomorrow's activities in connection with the \$35,000 budget campaign now under way on behalf of the Young Women's Christian Association of the District of Columbia, scheduled to end Saturday night.

The association as an organization has avoided any attempt at a general tagging of the sidewalk-using public. Within the membership of the "Y" is a group of young business women who call themselves the "Tiptop Club." Its members cannot afford to contribute to the drive themselves as liberally as they wish, and they have chosen tag-selling as a means to raise their share of Washington's quota. They will make no attempt to cover the whole city, but will have representatives stationed at some half-dozen vantage points near big stores and theaters in order that those wishing to may make their contributions through this channel.

Mrs. Robert Lansing presided at the late afternoon meeting of team captains yesterday, at which the day's collections and pledges were reported as \$2,202.16. This sum was a gratifying increase over the results of the previous day, and makes the total so far in hand \$10,470.16. An informal address was made by Miss Isabel K. Stafford, national secretary of the association, while team returns were called for by Mrs. Wallace Radcliffe.

The business women's team led in collections. The cafeteria team, under Mrs. H. B. Macfarland, was second, while the educational division contingent, led by Miss Chickering, was third. Mrs. Humphrey, leader of the congressional team, a subdivision of the Elizabeth Somers Annex team, and with the two houses of Congress its special halliwick, postponed her initial report until this afternoon. Those who know her best are confident that today's gathering is in for a surprise.

CHICAGO GRANTS INCREASES.

City Employees Receive 10 Per Cent
Raises in Salary.

CHICAGO, March 25.—Salary increase of 10 per cent for city employees and retention of hundreds of civil service employees marked for discharge were assured yesterday when the city council directed the finance committee to submit a substitute budget, increasing appropriations by \$4,000,000.

Following the action of the council, members of the teamsters and chauffeurs' union who struck for a wage advance of \$2 voted to return to work today. The clerks and stenographers' union refused to accept the 10 per cent increase and voted to strike Monday for a wage advance of \$25 a month. The additional appropriation would increase the 1920 budget to \$36,250,000, of the \$4,000,000, all but \$800,000 would go toward providing salary increases and to reinstating civil service employees.

The first postmaster of Baltimore was Mary Katharine Goddard, who served from about 1773 to 1779.

Wholesale Selling Price of Beef in Washington

BUY 15,000 MEN'S SUITS.

Harvester Employees Get Clothes
Made for Britons.

CHICAGO, March 25.—Fifteen thousand suits of men's clothing, originally intended for sale by the British government for its demobilized soldiers, were purchased yesterday, when

representatives of the twenty-two work councils of the International Harvester Company met with Harvester officials.

The International Harvester Company will act as business agent and banker for the twenty-two councils. The suits will be delivered in about six weeks and will cost the purchaser about \$18 each. It was estimated that suits of like quality would cost

about \$30 in the domestic market. The clothing was manufactured in England.

Williams' Nomination Confirmed.

The Senate has confirmed the nomination of William Martin Williams of Alabama to be commissioner of internal revenue, vice Daniel C. Roper, resigned.
